Subject Re: Support continues to build in Bristol Bay for a 404c action

Thanks for the information. I hope you enjoy some sun and warmth. Think of us here shivering in subzero weather, but sunny.

Subject: Support continues to build in Bristol Bay for a 404c action

Phil and Palmer -

I'm preparing to depart for Florida for some salt water fly fishing and some down time. I wanted to share a few things with you before I depart and remind you that I will be available to both of you if you have any questions over the holidays. Phone calls are best.

1) I have attached a "signature page" from Clarks Point Tribal Council which ads them to the original tribal letter. They have sent you a hard copy of this signature page along with a cover letter. You should receive it shortly.

2) The city of Dillingham - the biggest town in Bristol Bay by far - passed a resolution in favor of 404c last week. I will have a copy of it for you soon.

3) Palmer - the dates for January are looking like the end of the week of the 24th and/or the beginning of the week of the 31st. I will know more Monday and will shoot you a line then.

Happy holidays to both of you - I look forward to working together in 2011.

Very best -
